

ATV/UTV Trails

Cheese County Trail is OPEN for the spring/summer riding season

Welcome!

The multi-use Tri-County Trail is located in southern Wisconsin. Passing through wooded areas, prairies, marshes and small towns on the path of a former railroad bed, the trail is extremely popular with ATV's, dirt bikes and motorcycles. The trail is also open to hikers, bicyclists, cross-country skiers and those riding horses. The winter season welcomes snowmobilers.

Tri-County Trails offers a unique multi-use trail system meandering through three counties in southwestern Wisconsin. Included are the **Cheese Country Trail** - with 47 miles from Monroe to Mineral Point, and the **Pecatonica State Trail** - with 10 miles from Calamine to Belmont.

For information on the additional trails available in Lafayette County, contact the Info [at] TriCountyTrails.com (Tri-County ATV Club) or call 608-574-2911.

The trails are open to all-terrain vehicles (ATVs/UTVs), off-road dirt bikes, mopeds, motorcycles, horses and horse-drawn conveyances, bicycles, and hikers. Bicyclists should be aware that the trail is heavily used by ATVs/UTVs, and that the trail surface is extremely rough in some areas.

Mountain bikes are recommended. In addition, all users are urged to be cautious and courteous of the many trail-users traveling at different speeds along this scenic back-road view of southern Wisconsin.

Stay awhile!

Lodging options range from campgrounds, to motels, to RV parks. Many offer easy accessibility directly to the trail.

We invite you to explore our area - there's a lot to see and do.

An online version of the current trail map can be found by clicking the link above. To request a hard copy of the trail map please email [info \[at\] tricitytrails.com](mailto:info@tricitytrails.com).

Updates

- Due to numerous noise complaints, the illegal use of altered muffler systems is being aggressively enforced.

- Lafayette County side trail to Fayette is currently OPEN to ATV's - Access to the Fayette Trail is now located on Furnace Hill Rd. - This section will only be open as conditions allow. PLEASE STAY ON TRAIL!!!
