

VFA - Vaccines For Adults

The Lafayette County Health Department is a proud provider of the VFA Program.

Call 608-776-4895 or stop by to see if you qualify.

Each year thousands of adults in the United States get sick from diseases that could be prevented by vaccines. There are vaccines that are recommended for all adults, and other vaccines that might be recommended based on your age, job, or other aspects of your life. **If you do not have health insurance, you are eligible for free or low-cost vaccines through the Vaccines for Adults (VFA) program.**

- The VFA program helps uninsured or underinsured Wisconsin adults aged 19 and older get free or low-cost vaccines.
- The Wisconsin Department of Health Services created the VFA program to improve adult vaccination rates and increase access to vaccines for all

people.
