Correspondence - None

The next meeting will be on Monday March 11, 2019 at 7:00 pm.

**Patrolman Update:** The men have mainly been plowing snow and spreading tailings. In a 2 week period they have spread 27 loads of tailings which comes to almost \$11,000 worth of tailings. The County started rationing tailings following the ice storm on Thursday due to them running out.

They have also put red strips below two stop signs where a couple accidents have happened on Truman Road and Bethel Grove. This is from Highway Safety Training to help draw attention to the stop sign. They have replaced 2 hydraulic lines on the blue truck and one on the orange truck.

**Old Business:**

**Fire/Ambulance Reports-** Not too much to report. The Belmont Fire Department is planning a mock accident. The Belmont Ambulance is planning on doing a mock shooter incident. This will be taking place sometime in the near future.

**FEMA Quarterly update:** The work is 95% done. There is still work to do on Jensen Lane which will finish up the FEMA work. The \$18,333 received from FEMA needs to be used by the end of April 2019.

**New Business:**

**Discussion and possible action on how to handle requests for tailings for private use:**

Mark Rehmstedt presented a notice – notice 2019-01 with costs & weights that could be charged to Kendall Township residents who requested tailings. Wayne Byrnes said that since the residents paid taxes they should be allowed use of the tailings they want for private driveways. Mark Rehmstedt said the taxes that are paid is to be used on public roads not on private driveways. There was much discussion on this issue from the Board members along with comments from residents in attendance. Some residents did say that if people wanted tailings for private use they should need to pay. With the County running low on tailings, we need to make sure we have them for our roads. If residents need tailings there are people who sell tailings privately. Our first responsibility is the roads. The Board discussed what to charge the residents following this ice storm that had tailings spread for this one time by the Township because of urgency. The board decided to charge \$67.00, this includes the tailings and the hourly wage of the patrolmen for their time. Joe Fogel made a motion to adopt the price list for two free five-gallon buckets and selling of tailings that Mark Rehmstedt had drawn up. It was seconded by Mark Rehmstedt. Roll call was done, Joe-Aye, Mark- Aye, Wayne- abstained. Joe Fogel then amended his motion to include the \$67.00 for the driveways that were already done along with the adoption of the price list. Seconded by Mark Rehmstedt. Roll call taken: Joe-Aye, Mark-Aye, Wayne- Abstained. Motion carried.

**County Survey:** Mark Rehmstedt mention that a county survey was being done by Benzing Survey. This is a county effort and not the townships to mark sections and any monuments. He wanted people to be aware that they would be coming around. They do have paperwork to show who they are.

**Public Comment:** The only comment was on Benzing Survey. Questions were asked about why it was being done & the costs associated with it.

Joe Fogel made a motion to adjourn the meeting, Wayne Byrnes seconded it. Meeting adjourned at 7:43 pm.

Repectfully Submitted:

Theresa McCarthy
