THE LAFAYETTE COUNTY COURTHOUSE

The Lafayette County Courthouse was built in 1905 - 1907 at a total cost of \$136,556.17. There were three men from Shullsburg on the planning committee. Mr. Matt Murphy was the prime mover and source of money to build the courthouse. The bust of Matt Murphy is located on the entrance over the front steps of the courthouse.

INFORMATION ABOUT LAFAYETTE COUNTY

Situated in the Southwestern part of Wisconsin, Lafayette County lies within the unglaciated area of the state in the driftless region bordering the State of Illinois. With an area of 643 square miles or 411,520 acres, it has a population of 17,134 according to the 2020 final estimate. The first settlements perfected by permanent occupation in Lafayette County were made during the year 1824 and were due to the existence of the lead mines, which led to early development and stability of the County. Today, Lafayette County is one of the leading agricultural counties in the state, with 1,400 farms averaging 285 acres in size. Agriculture is the leading enterprise of the County. The County is rapidly developing into a recreational area. Man-made lakes provide excellent fishing, boating, and swimming. Well-developed campsites offer complete facilities for vacations. Snowmobiling, horseback riding, ATV, UTV and multi-use trails are available.

RULES OF THE LAFAYETTE **COUNTY BOARD**

RULE 1: Election of County Board Officers

This body, as legally constituted, shall be known as the Lafayette County Board of Supervisors. At the statutory meeting held on the Third Tuesday of April, each even numbered year, the Board shall organize by the nominations from the floor, candidates for chairperson, then upon closing of nominations, by election of a Chairperson by a secret ballot vote. In order to be elected to an office, a person must have a majority vote of the members present. If no one

has a majority vote of the members present, then a second ballot must be cast to choose from the top two vote getters to determine the Chairperson. If after three (3) consecutive tie votes, a coin toss by the County Clerk will determine the outcome. Upon selection of the Chairperson, the same procedure would apply to the selection of the First Vice-Chairperson and then for a Second Vice-Chairperson. As soon as practical thereafter, the Committees of the Board, as per rule providing therefore, along with Committee Chairpersons shall be appointed by the Chairperson. The Chair shall call the meeting to order at the appointed time and if a majority or quorum is presented upon, roll call shall proceed with the order of business as per rule therefore. The Chair shall decide all questions or order subject to appeal; the Chair shall preserve order and enforce the rules; the Chair shall vote upon all questions taken by the Yeas and Nays, except appeals from his own decision and shall otherwise promptly perform all duties of the office. The Chairperson is automatically a voting member of every Committee, Commission or Board (except the Lafayette County Board of Supervisors) for purposes of a quorum of Committee, Commission or Board, except as hereinafter provided. In the event of the anticipated absence of any Supervisor, member of any Committee, Commission or Board for a meeting

other than a County Board meeting, the County Board Chairman may designate any County Board Supervisor to replace the absent Committee, Commission or Board member for purposes of participation and voting. If the County Board Chair does not act or is not available, the Vice-Chair or Second Vice-Chair of the County Board may designate any County Supervisor to participate and vote in the absent member's place.

Except as otherwise provided for by Lafayette County Board rule, a member attending the meeting of a committee of which that Supervisor is not a member shall be considered a guest and is not entitled to speak or vote on any issue before the committee.

Any committee of the Lafayette County Board of Supervisors may vote to exclude from a closed session meeting any Supervisor, whether a member of that committee or not, where that Supervisor has a conflict of interest of a business, financial, personal or family nature. It must be remembered that the county's interest in ethical government dictates that, for purposes of this rule, a conflict is to be broadly construed and may be interpreted to include situations where even an *appearance* of a conflict exists. The vote of a committee to exclude a Supervisor shall occur prior to that committee entering a closed session and shall be decided by a simple majority of the committee members present.

RULE 12: Motion to Lay on the Table

A motion to adjourn, to lay on the table, for a previous question and limiting debate shall in every instance be decided without discussion.

RULE 13: Suspended Rules

These rules may be suspended, altered, or amended by a two-thirds vote of all members and upon all questions not especially provided for the foregoing rules. Robert's Rules of Order shall be deemed the authority and shall govern the action of the Board.

RULE 14: Elective Offices by Ballot

All elective offices shall be filled by ballot. The Formal ballot on any election shall be considered the final vote where a winner can be identified as receiving the majority of the votes of those county board members present.

RULE 15: Recommendations by Committee

All resolutions, ordinances, petitions, and recommendations not presented by regular County Board Committees shall be referred to the proper committees before final action is taken unless the rules are suspended.

RULE 16: Public Comment at County Board Meetings

At all public County Board meetings, any person other than a supervisor, which person wishes to speak to the County Board, must first secure permission and an acknowledgement from their supervisor that that person wishes to speak to the County Board. Their supervisor shall then obtain permission and acknowledgement from the County Board Chairperson that that requesting person will be allowed to speak to the County Board. In the notice to the County Board Chairperson, the supervisor should state the individual's name and address for the record, as well as the topic to which that person wishes to speak.

RULE 17: Committee Chair Voting

At any committee meeting, the committee chair may second any motion that comes before the committee, board or commission as a part of the regular business. The committee chair may also vote on all matters that come before the committee, board, or commission.

RULE 18: Approved Agenda, Minutes & Supporting Documents

Approved agenda, minutes and supporting

documents of all Committee meetings held under 3A, 3B and 3C of the Rules of the Lafayette County Board, shall be delivered electronically, to the County Clerk within three (3) days of the committee meeting. Approved minutes from all committee meetings held under Rule 3A, 3B and 3C of the Rules of the Lafayette County Board, shall be posted to the Lafayette County Website, within three (3) days of approval of said minutes by each Department. County Board Supervisors who require paper copies of the committee minutes should notify the County Clerk.

RULE 19: Advocacy

County board supervisors shall represent the official policies or positions of the Board of Supervisors, boards, commissions or committees to the best of their ability when designated as delegates for this purpose. When presenting their individual opinions and positions or otherwise speaking without the express direction or authorization of their body, county board supervisors shall explicitly state they do not represent their body or Lafayette County, nor will they allow the inference that they do.

RULE 20: County Clerk's Use of Audio Recording of County Board and Committee

Meetings for Later Use in Drafting Official Minutes

If the County Clerk (herein "Clerk" may also refer to an employee designated by the Clerk) so desires, he or she may utilize an audio recording device to capture the discussions, actions, and contents of a County Board or Committee meeting for the sole purpose of utilizing such recording to refresh their recollection when later drafting official Minutes of the recorded Board or Committee meeting. Provided such recording is used solely for the aforementioned purpose, and provided it is maintained solely by the Clerk between the time such recording is made and the official Minutes are ratified by the County Board or Committee to which such Minutes pertain, such recording constitutes a note under Wisconsin's Public Records Law and, therefore, does not constitute an official County record.

Because such recording does not constitute an official County record under the Public Records Law, the Clerk is authorized to and should delete, discard of, or otherwise destroy such recording upon the County Board's or applicable Committee's ratification of the official Minutes that were drafted by the Clerk in relation to such recording. Likewise, because such recording does not constitute an

official County record under the Public Records Law, such recording is not subject to disclosure under the Public Records Law.

Any persons, including elected officials, may record any public meeting and maintain that recording for their own personal use.

RULE 21: Public Comment for Committee Meetings

Any persons/member of the public who attends a meeting of a Lafayette County Committee may address members of the Board at the portion of the agenda listed as “Public Comment”. Sign-up may be required prior to the meeting start in order to be recognized by the chair to speak. Members of the public must be present to speak. Guidelines for public comment include the following: a) the topic may pertain to any item they wish to present with the exception of political candidate endorsement. b) The individuals identify themselves and, if representing a group, identify that group. c) State clearly and concisely the issue, limiting comments to a maximum of THREE (3) MINUTES.

Written material may be provided. It is not necessary to read an entire document. d) Limit group representation by appointing a speaker(s) to present an issue.

The clerk will be responsible for keeping time and alerting the chair when the Three (3) Minutes is up. Each member of the public may only speak once during public comment. If more than TEN (10) individuals will be speaking on the same topic during public comment, they may elect to designate one to three individuals to speak on their behalf for a maximum of THIRTY (30) minutes. Public comment is encompassing of every person present at the meeting, including elected officials. All other items on the agenda will be discussed by members of the floor or anyone that is recognized to speak by the chairperson.

RULE 22: No Gifts/Donations from any person or Non-governmental entity to Laf. Cty

No donation of any monetary or in-kind value shall be accepted by Lafayette County from any person or non-governmental entity attempting to seemingly interfere with needed, free and open debate of matters before the county board or for any referenda questions to be considered by the County Board.

PUBLIC HEARING RULES

Any person wishing to speak at a public hearing may do so only if they have registered with the committee secretary before the posted beginning time of the meeting. Any person wishing to speak should register by signing their name, the subject to which they wish to speak and whether they are pro or con on the issue. At some time designated by the committee chairperson, before the committee meeting begins, the secretary or clerk shall close the registration for speaking. The clerk shall then present to the committee chairperson all names which have registered to speak. The committee chairperson, in establishing the rules for the public hearing, may allow a time before the presentation or following the presentation of the information for the public hearing to allow the people who have registered time to speak. If the chairperson states that anyone present may ask questions of those presenting the main presentation, no person shall be allowed to ask more than one (1) question on a specific topic until all others wishing to speak are heard. The Chairperson, at the beginning of the meeting or before registration, may designate the length of time that any person who has registered to speak is allowed to speak.

These rules are established so that all individuals at the public hearing may be heard.
