Department

Manor

Employee Filling Out Request

Stephanie Crowther

Project Title

Point Click Care-EMR

Project Narrative

The Manor currently uses American Data as their EMR. This program is not meeting our needs. We are losing reimbursement due to the way the program is set up, for floor staff it is time consuming to chart, and again resident safety is an issue. Wrong medications given, medication not given at all. Care plans not easy to read or understand for residents or family. The goal is to increase the efficiency of the staff, reduce medication error, accountability and increase reimbursement for the manor.

Anticipated Project Start Date

Mon, 08/15/2022

Anticipated Project End Date

Tue, 11/01/2022

Total Project Cost

\$ 27,700

Is your project cost over \$5,000?

Yes

Have you followed the Lafayette County Bid Process for purchases over \$5,000?

No

Please attach your bid documentation

Proposed Amount of American Rescue Plan Funds Used

\$ 27,700

Anticipated Year to Expend Funds

FY 2022

Any other funding sources? Amounts and source

None

Will any other departments be involved/affected?

No

Will there be additional annual operating budget expenses incurred?

Yes

Anticipated additional annual operating budget expenses

\$ 1,781.06

For how many years will there be additional annual operating budget expenses?

More than 5 years (or indefinitely)

Is this project included in the Board's Current Adopted CIP?

No

General Compliance

Is this project in conformance with the American Rescue Plan Guidance?

Yes

Eligibility Area of ARP Funds

Provisions of Government Services

Does your project follow the overarching principles/purpose of the ARP Funds?

Yes

Are you aware that utilizing federal ARP funds for a project disqualifies utilizing local ARP funds as a match source for that same project?

Yes

Please attach a copy of a bid/quote or invoice for the project
