| Schedule of Findings and Questioned Costs  | 12 – 16 |

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

#### INDEPENDENT AUDITORS' REPORT

To the County Board of Supervisors Lafayette County Darlington, Wisconsin

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Lafayette County, Wisconsin as of and for the year ended December 31, 2018, and the related notes to the financial statements, which collectively comprise Lafayette County's basic financial statements, and have issued our report thereon dated September 4, 2019. Our report includes a reference to other auditors who audited the financial statements of the Memorial Hospital of Lafayette County, a major enterprise fund, as described in our report on Lafayette County's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or on compliance and other matters that are reported on separately by those auditors.

#### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Lafayette County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Lafayette County's internal control. Accordingly, we do not express an opinion on the effectiveness of Lafayette County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and questioned costs as items 2018-001, and 2018-002, that we consider to be material weaknesses.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Lafayette County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### Lafayette County's Response to Findings

Baker Tilly Virchaw & rause, LLP

Lafayette County's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. Lafayette County's response was not subject to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Madison, Wisconsin September 4, 2019

REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL AND MAJOR STATE PROGRAM; REPORT ON INTERNAL CONTROL OVER COMPLIANCE; AND REPORT ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AND STATE AWARDS REQUIRED BY THE UNIFORM GUIDANCE AND THE STATE SINGLE AUDIT GUIDELINES

#### INDEPENDENT AUDITORS' REPORT

To the County Board of Supervisors Lafayette County Darlington, Wisconsin

#### Report on Compliance for Each Major Federal and Major State Program

We have audited Lafayette County's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* and the *State Single Audit Guidelines* that could have a direct and material effect on each of Lafayette County's major federal and major state programs for the year ended December 31, 2018. Lafayette County's major federal and major state programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

#### Management's Responsibility

Management is responsible for compliance with federal and state statutes, regulations, and the terms and conditions of its federal and state awards applicable to its federal and state programs.

#### Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of Lafayette County's major federal and major state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and the *State Single Audit Guidelines*. Those standards, the Uniform Guidance and the *State Single Audit Guidelines* require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or a major state program occurred. An audit includes examining, on a test basis, evidence about Lafayette County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and major state program. However, our audit does not provide a legal determination of Lafayette County's compliance.

#### Opinion on Each Major Federal and Major State Program

In our opinion, Lafayette County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and major state programs for the year ended December 31, 2018.

#### **Report on Internal Control Over Compliance**

Management of Lafayette County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Lafayette County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal or major state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal and major state program and to test and report on internal control over compliance in accordance with the Uniform Guidance and the *State Single Audit Guidelines*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Lafayette County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### **Purpose of this Report**

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and the *State Single Audit Guidelines*. Accordingly, this report is not suitable for any other purpose.

## Report on Schedule of Expenditures of Federal and State Awards Required by the Uniform Guidance and the State Single Audit Guidelines

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Lafayette County, Wisconsin as of and for the year ended December 31, 2018, and the related notes to the financial statements, which collectively comprise Lafayette County's basic financial statements. We issued our report thereon dated September 4, 2019, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. Our report includes a reference to other auditors who audited the financial statements of the Memorial Hospital of Lafavette County, a major enterprise fund of Lafavette County, as described in our report on Lafavette County's financial statements. The accompanying schedule of expenditures of federal and state awards is presented for purposes of additional analysis as required by the Uniform Guidance and the State Single Audit Guidelines and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal and state awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AND STATE AWARDS For the Year Ended December 31, 2018

#### **NOTE 1 – Basis of Presentation**

The accompanying schedule of expenditures of federal and state awards (the "schedule") includes the federal and state award activity of Lafayette County under programs of the federal and state government for the year ended December 31, 2018. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) and the State Single Audit Guidelines. Because the schedule presents only a selected portion of the operations of Lafayette County, it is not intended to and does not present the financial position, changes in net position or cash flows of Lafayette County.

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the schedule are reported on the accrual or modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years. Pass-through entity identifying numbers are presented where available.

The underlying accounting records for some grant programs are maintained on the modified accrual basis of accounting. Under the modified accrual basis, revenues are recorded when susceptible to accrual, i.e., both measurable and available. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are recorded when the liability is incurred. The accounting records for other grant programs are maintained on the accrual basis, i.e., when the revenue has been earned and the liability is incurred.

#### **NOTE 3 – CARS/SPARC REPORT DATES**

The Schedule of Expenditures of Federal and State Awards includes adjustments through the Community Aids Reporting System (CARS) reports dated June 1, 2019 and SPARC reports for December 2018.

#### NOTE 4 - Pass-Through Agencies

Lafayette County received federal awards from the following pass-through agencies:

DHS Wisconsin Department of Health Services
DCF Wisconsin Department of Children and Families

DOA Wisconsin Department of Administration
DMA Wisconsin Department of Military Affairs

GWAAR Greater Wisconsin Agency on Aging Resources

DOT Wisconsin Department of Transportation

Green County, Wisconsin

#### **NOTE 5 – INDIRECT COST RATE**

Lafayette County has not elected to use the 10% de minimis indirect cost rate of the Uniform Guidance.

### SECTION II – FINANCIAL STATEMENT FINDINGS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

FINDING 2018-001: INTERNAL CONTROL OVER FINANCIAL REPORTING

#### REPEAT OF PRIOR YEAR FINDING 2017-001

*Criteria:* Auditing standards require us to report a material weakness for Lafayette County if material journal entries are detected as part of the financial audit, the auditor prepares the annual financial statements and footnotes, or the auditor prepares the schedule of expenditures of federal and state awards (SEFSA).

**Condition:** Material journal entries were discovered during the course of the audit and we, as your auditors, prepared the annual financial statements. In addition, the auditors prepared the schedule of expenditures of federal and state awards and the data collection form.

**Cause:** The county does not have the resources required to identify and correct all misstatements in the financial records or to prepare the annual financial statements or the schedule of expenditures of federal and state awards in conformity with generally accepted accounting principles (GAAP).

**Effect:** A financial statement prepared in accordance with GAAP is not available until the conclusion of the audit. In addition, the schedule of expenditures of federal and state awards is not available to the county until it is completed by the auditors.

**Recommendation:** We recommend that the county put in place procedures to continue to reduce the number of material audit journal entries as well as determine if resources would be available to prepare a complete set of financial statements without material changes.

## SCHEDULE OF FINDINGS AND QUESTIONED COSTS For the Year Ended December 31, 2018

SECTION II – FINANCIAL STATEMENT FINDINGS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS (CONT.)

FINDING 2018-001: INTERNAL CONTROL OVER FINANCIAL REPORTING (cont.)

Management Response: Lafayette County has an individual qualified to prepare the financial statements and SEFSA. However, due to the technical limitations of Lafayette County's current enterprise software system, it is not equipped to publish comprehensive financial statements. Also, due to staff limitations, Lafayette County does not have the employee hours available to prepare the financial statements. Therefore, out of convenience, the County requests the assistance of the auditors to prepare the financial statements. The draft auditor-prepared financial statements, disclosures and schedules are reviewed and approved by the Lafayette County Finance Director before being issued. The County plans to look into further training to prepare the SEFSA in-house instead of enlisting the help of the auditors. Unfortunately, in late 2018/early 2019 we have had staffing vacancies and conditions outside of our control to be able to put the time into training to complete the SEFSA in-house. The County hopes to seek further training for the 2019 audit.

FINDING 2018-002: INTERNAL CONTROL ENVIRONMENT

REPEAT OF PRIOR YEAR FINDING 2017-002

*Criteria:* Auditing standards require auditors to communicate circumstances that were evaluated to be significant deficiencies or material weaknesses in the county's internal control environment.

**Condition:** During the financial audit, audit procedures and inquiries were performed to evaluate the effectiveness of controls over various transaction cycles. As a result of these procedures, the following areas were identified where your controls over transactions could be improved:

#### **CONTROLS OVER FINANCIAL REPORTING**

- > Journal Entry Review Our review of journal entries revealed that entries prepared by the Highway Accountant are not being approved by someone other than the preparer.
- > Reconciliation Review We also noted that reconciliations for many accounts prepared by Human Services, Manor, and Highway are not being reviewed by someone other than the preparer.

Cause: Due to staffing limitations, certain controls were not implemented by the county.

**Effect:** Errors or irregularities could occur as part of these financial processes that may not be discovered by your staff.

#### Recommendations:

- > We recommend that adjusting journal entries and supporting documentation be reviewed and approved by an appropriate person, preferably someone with a higher level of authority, who is not the original preparer.
- > We recommend that reconciliations be reviewed by someone at a level of authority higher than the preparer and independent of the reconciliation process.
- > We recommend that a designated employee review the segregation of duties, risks, and these potential controls and determine whether additional controls should be implemented. This determination should take into consideration a cost / benefit analysis.

## SCHEDULE OF FINDINGS AND QUESTIONED COSTS For the Year Ended December 31, 2018

## SECTION II – FINANCIAL STATEMENT FINDINGS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS (cont.)

FINDING 2018-002: INTERNAL CONTROL ENVIRONMENT (cont.)

#### Management Response:

All processes above have been implemented, and risk has been mitigated for all except the items listed below:

- > In 2018, we planned to have all Highway Department journal entries and backup sent to the Finance Director to be reviewed and posted. With the change of the ACS system to New Roads, this process was put on hold until the new system was in place. In 2019, the Finance Director has begun working with the Highway Department staff to fully reconcile the accounting systems (GFS and New Roads), and begin uploading and approving all journal entries by the start of 2020.
- > In late 2018, all departments noted above had instituted a reconciliation review process. We hope to mitigate this risk fully in 2019.

#### SECTION III - FEDERAL AND STATE AWARDS FINDINGS AND QUESTIONED COSTS

No findings were reported.

# SCHEDULE OF FINDINGS AND QUESTIONED COSTS For the Year Ended December 31, 2018
