

# CTH D Bridge Replacement

State Project I.D. 5725-00-02/72  
CTH D, Lafayette County  
Pecatonica River Bridge B-33-0365  
(STH 11 – CTH N)  
Lafayette County

## Public Involvement Meeting

September 9, 2020  
1:30 –2:30 p.m.

Virtual via Zoom – Preregistration is required using the following link: <https://bit.ly/2Y8mQdw>

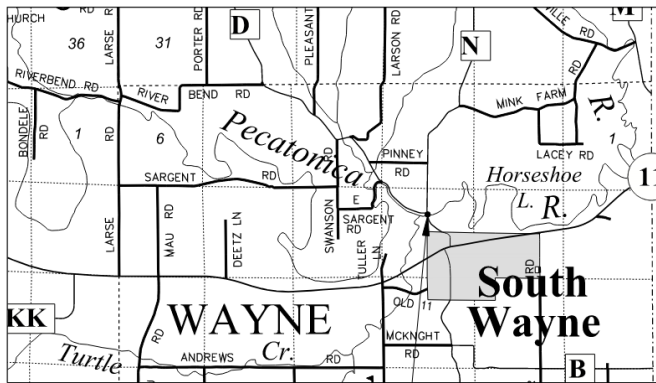

## Purpose of meeting

The purpose of today's meeting is to provide you with information about this project and to gather your thoughts and comments for use in the design process. There will be a short, formal presentation that will begin at 1:30 p.m. Feel free to ask questions or share your comments with any of the Lafayette County or MSA Professional Services staff present.

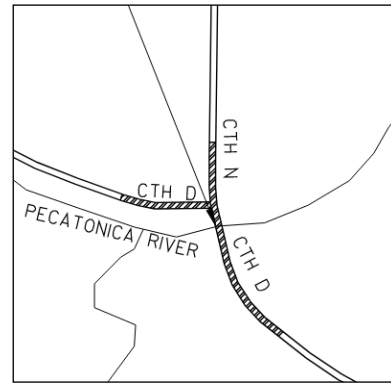

## Project information

The project length is approximately 0.26 miles which includes reconstructing a portion of CTH D. The project corridor is classified as a Minor Collector. Proposed improvements to the corridor include reconstruction of CTH D on an improved horizontal and vertical alignment to the west of the existing roadway, replacement of the existing steel truss bridge with a new three span haunched slab bridge on the new alignment. The intersection of CTH N will be realigned to connect into the new CTH D alignment. Right of way acquisitions for the new roadway and temporary limited easements for grading are anticipated. Construction currently schedule to be in the summer of 2022.

The project team is seeking your input on any concerns that individuals may have on how the project is impacting these resources. Persons with a concern for or knowledge about historic buildings and structures and archaeological sites are encouraged to attend this meeting or provide comments to the local units of government or the consultant.

PROJECT LOCATION  
PROJECT ID 5725-00-02

## Schedule

The project team is currently in the preliminary design phase of preparing the construction plans. This is the only public meeting that will be held to gather public comment on the design.

The project schedule is as follows:

Preliminary Plans:	August 2020
Public Involvement Meeting:	September 2020
Environmental Document:	September 2020
Design Study Report/Right of Way Plat:	November/December 2020

Final Plans (PS&E):  
Bid Letting  
Construction:

August 1, 2021  
December 14, 2021  
Summer 2022

### **Public comments**

We encourage you to talk to our project representatives, and ask them any questions you may have. Attached to this handout is a sheet for your written comments and concerns about the project. Please mail or email any written comments before September 25, 2020.
